

Apex Technology Sales, Inc. is pleased to announce that we have again signed on with FiberFox!

Apex will represent FiberFox in
Minnesota, North and South Dakota, and Western Wisconsin

We are very happy to have been welcomed back to FiberFox after terminating an agreement with a manufacturer who had a competing product offering. We've always been impressed by their products and bringing quality solutions to our customers is a priority for us.

FiberFox is an outstanding manufacturer of Fusion Splicers, Splice-on Connectors, Protective Sleeves, Fiber Prep kits and Splicing Accessories. Made in an ISO 9001 Manufacturing Facility, FiberFox's quality, rugged durability and acceptance by many of the leading market segment companies globally have established FiberFox as the premier choice in fusion splicing technology.

Currently, FiberFox is offering generous promotions on many of their products including the Mini6S+, the Mini12R+, FiberFox Splice Sleeves, Field Installable Mechanical Connectors and the Splicer/Splice-On Connector Bundle.

Let us know if you'd like more information on any of FiberFox's products!

We look forward to talking with you soon!
